* These papers require careful adjustment of printer settings. Avoid designs that require heavy coverage or flat tints.

** These papers have higher ink rub due to the nature of the paper - avoid using in print areas subjected to rubbing

*** These papers require careful adjustment of printer settings. The toner scratch resistance is low - avoid using in print areas subject to scratching

All Arjowiggins Creative Papers stocked envelopes are Superseal with a 'peel and seal' closure type.

DL – 110×220mm

DL (P) – 220×110mm

C5 – 162×229mm

170×170mm

C4 (P) – 324×229mm

310×156mm (P)

Custom envelopes

Arjowiggins Creative Papers can manufacture your custom envelope from any paper, in any format and design. Create your flap. Add a window. Print your logo. Get your tailor-made envelopes from 5000 pieces.

Digital

All our creative paper ranges have been developed for digital print technologies and are specially adapted to guarantee superior quality results. This makes our papers the choice for high quality short runs and personalised printing. While the full range is widely compatible with all leading dry toner technologies, it also offers a selection of papers dedicated to liquid toner printing (HP Indigo technology).

The i-Tone® treatment is a special, proven formulation developed by the American paper manufacturer Mohawk. This treatment ensures consistent, high fidelity print quality, extremely quick drying time and excellent ink adhesion.

Our creative papers in SRA3+ and B2 are primed for HP indigo printing, ensuring long lasting printing, without altering the touch and feel of our papers.

SRA3 sheets from our creative papers range are ready to print with dry toner systems. The full range has also been tested with the latest dry toner technologies.

Sustainability

Arjowiggins Creative Papers actively builds sustainability into papermaking. All of our mills are ISO 14001 certified, the international environmental management standard. All our creative paper ranges are FSC certified, the guarantee of sustainable sourcing. In addition, Curious Metallics offers recycled papers produced from 100% premium post-consumer waste.
