Products data

Arjowiggins works to continually reduce the environmental impact of paper manufacture.

- All Rives Sensation Mills have a certified accredited Environmental management system (ISO 14001)
- Fully FSC™ certified

Rives Sensation is ideal for 4-colour print for applications such as brochures, invitations, covers etc.

Fibres sourcing

Rives Sensation

This product is made of material from well-managed, FSC™-certified forests and other controlled sources. Virgin fibres are ECF bleached, without using chlorine gas.

Rives Sensation 100% Recycled (in Gloss Tactile, Gloss Shetland, Gloss Tradition)

The forest-based material in this paper is 100% recycled. The recycled fibres used come exclusively from post-consumer waste.

The mark of responsible forestry

Chemicals

- No substances classified as carcinogenic, mutagenic or reprotoxic (CMR) are used as raw materials.
- Chemicals are sourced that have low impact on the environment.
- Arjowiggins complies with the new REACH (Registration, Evaluation, Authorisation and Restriction of Chemicals) European regulation created to improve protection of human health and the environment from the risks that can be posed by chemicals as well as the promotion of alternative methods of assessments, and enhancing competitiveness and innovation.
